

**In the Specification:**

In the Specification on Page 5, please amend paragraph [0021] as shown.

[0021] Fig. 6 is a second plan view of the brassiere of Fig. 5; and [[.]]

In the Specification on Page 5, please insert immediately below paragraph [0021] a new paragraph [0022] to describe the originally claimed subject matter of claim 19.

[0022] Fig. 7 is a plan view of a third embodiment of the fastener of the present invention engaging a shoulder strap and a back panel of a brassiere.

In the Specification on Page 8, immediately beneath [0031] please insert the following new paragraph [0032].

[0032] Fig. 7 shows a third embodiment of the fastener 100 of the present invention. In this embodiment, fastener 100 has a configuration similar to the embodiment of Fig. 1; however, one of first arm 110 or second arm 120 is at an angle with respect to plane 130 while the other of first arm 110 or second arm 120 is parallel to plane 130. In Fig. 7, while second arm 120 is shown at an angle relative to plane 130, first arm 110 could have been at an angle relative to plane 130 and second arm 120 could have been parallel to plane 130.
